Work history

Security

The Social, Present

- Meticulously screened legal documentation to prevent underage entry and ensure 100% compliance with liquor laws.
- Facilitated seamless entry for high-profile guests and table reservations while maintaining strict security protocols.

Office Manager & Software Engineer

QuickOr, 2024

- Managed office operations, payroll, bookkeeping, and company finances using QuickBooks; including taxes, digital and physical recordkeeping, and administrative compliance.
- Built internal tools to maintain the company's QR code platform, contributing to both frontend features and backend infrastructure.

Software Engineer

Reload Strathroy, 2023

Built an internal tool to monitor public marketplaces and send instant notifications when items matching specific criteria appeared, enabling early arbitrage opportunities and reducing manual tracking.

Security

The Ceeps and Barney's, 2023

- Maintained a safe and orderly environment by managing entry, monitoring crowds, and resolving conflicts with discretion and professionalism.
- Collaborated with venue staff to enforce policies, check identification, and ensure compliance with safety and capacity regulations.

Software Engineering Intern

Perimeter Institute for Theoretical Physics, 2022

- Modernized internal infrastructure by Dockerizing and deploying services via Kubernetes, improving reliability and streamlining research workflows.

Software Engineering Intern

A & L Laboratories ,2022

- Developed automation tools that reduced manual data handling and improved lab workflow efficiency.

Game QA Intern

BetaDwarf, 2021

- Tested core gameplay features, balance, and user experience for in-development titles, documenting bugs and collaborating directly with devs to improve game quality.

Seasonal Associate

Walmart, 2020

Provided customer support and maintained organized stock flow in a high-traffic retail environment during the height of the COVID-19 pandemic.

Professional Athlete

Volleyball Canada, Gatineau August 2017-March 2020

- Represented Canada at international events, including the Olympic Qualifier and Pan American Cup in Mexico; earned 3 national championships and 2 provincial titles.

Clinic Intern

Fowler Kennedy Sports Medicine Clinic, 2019

- Assisted with injury assessments, treatment preparation, and athlete rehab tracking in a high-performance sports medicine environment.
